STATUTORY DECLARATION PURSUANT TO SECTION 336(6) OF THE COMPANIES ACT, 1965

I, Brad M. Bennett, the officer primarily responsible for the financial management of the operations in Malaysia of American Home Assurance Company, do solemnly and sincerely declare that the financial statements for the financial year ended 31 December 2005 set out on pages 5 to 39 are, in my opinion, correct and I make this solemn declaration conscientiously believing the same to be true, and by virtue of the provisions of the Statutory Declarations Act, 1960.

BRAD M. BENNETT

Subscribed and solemnly declared by the abovenamed Brad M. Bennett at Kuala Lumpur on
24 March 2006.

Before me:

T. THANDONEE RAJAGOPAL (No. W228)
COMMISSIONER FOR OATHS

Kuala Lumpur

STATEMENT OF CORPORATE GOVERNANCE

The Management of the operations in Malaysia of American Home Assurance Company has pleasure in submitting the statement of Corporate Governance for the financial year ended 31 December 2005.

This Statement of Corporate Governance relates only to the activities of the Malaysian Branch of American Home Assurance Company.

MANAGEMENT ACCOUNTABILITY

The Management has a documented and well-communicated organisational structure that clearly shows lines of reporting responsibility and authority. Individual's duties and responsibilities are documented in job descriptions. Anti-Money Laundering measures are diligently practised. Disclosure of conflicts of interest is required to be made once a year for all senior management under the American International Group ("AIG") Code of Conducts.

Proper communication channels have been put in place to ensure priority information is being communicated to the right personnel. Operational manuals which document policies and procedures, internal controls and compliance are constantly reviewed and updated. These manuals and updates are circulated to all staff concerned. Our Statement of Corporate Governance is overtly reflected in policies issued.

A formal process is in place and being practised for the development of individual goals. Staff performance appraisals are done annually with half yearly reviews to ensure all goals are on track and not in conflict with the AIG corporate objectives.

CORPORATE INDEPENDENCE

The Management ensures compliance with JPI/GPI 19 in respect of Bank Negara Malaysia ("BNM") guidelines on Related-Party Transactions.

INTERNAL CONTROLS AND OPERATIONAL RISK MANAGEMENT

An established and effective internal control and risk management system has been put in place to enable the recognition and continued assessment of material risks that could affect the Corporation's performance and financial condition. This system is constantly being reviewed to enhance its effectiveness.

A dedicated Internal Audit team is available to carry out independent examination of the operations. The team reports to the Audit Committee based in New York.

STATEMENT OF CORPORATE GOVERNANCE (CONTINUED)

PUBLIC ACCOUNTABILITY

The Management maintains a practice of professionalism in its business conducts. The policyholder's rights and interests are paramount in all considerations and decisions.

FINANCIAL REPORTING

The Management ensures that books and records for the preparation of financial statements are properly maintained in accordance with approved accounting standards. Key financial information is being made available to the public in accordance with the provision of Section 95(1) of the Insurance Act, 1996. Regular statutory reportings which were prepared with due care and diligence have been made as required by Bank Negara Malaysia.

BY THE MANAGEMENT OF AMERICAN HOME ASSURANCE COMPANY,
OPERATIONS IN MALAYSIA

BRAD M. BENNETT
24 March 2006

AUDITORS' REPORT ON THE FINANCIAL STATEMENTS OF THE CORPORATION'S OPERATIONS IN MALAYSIA PURSUANT TO SECTION 336 OF THE COMPANIES ACT, 1965

We have audited the financial statements set out on pages 5 to 39 of the operations in Malaysia of American Home Assurance Company. These financial statements are the responsibility of the Corporation's directors. It is our responsibility to form an independent opinion, based on our audit, on these financial statements and to report our opinion to you in accordance with Section 174 of the Companies Act, 1965 and for no other purpose. We do not assume responsibility to any other person for the content of this report.

We conducted our audit in accordance with approved auditing standards in Malaysia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the directors, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion:

- (a) the financial statements have been prepared in accordance with the provisions of the Companies Act, 1965 and MASB approved accounting standards in Malaysia so as to give a true and fair view of:
 - (i) the matters required by Section 169 of the Companies Act, 1965 to be dealt with in the financial statements; and
 - (ii) the state of affairs of the Corporation's operations in Malaysia as at 31 December 2005 and of the results and cash flows of the Corporation's operations in Malaysia for the financial year ended on that date;

and

- (b) the accounting and other records required by the Act to be kept by the Corporation's operations in Malaysia have been properly kept in accordance with the provisions of the Act.

NOTES TO THE FINANCIAL STATEMENTS

- 31 DECEMBER 2005

1 PRINCIPAL ACTIVITY AND GENERAL INFORMATION

The principal activity of the Corporation's operations in Malaysia ("the Branch") is the underwriting of all classes of general insurance business. There has been no significant change in the nature of this activity during the financial year.

The number of employees as at the end of the financial year in the Branch was 555 (2004: 597).

The ultimate holding corporation of American Home Assurance Company is American International Group, Inc., a corporation incorporated in the United States of America.

The address of the registered office and principal place of business of the Branch is Wisma AIG, No 99, Jalan Ampang, 50450 Kuala Lumpur.

The financial statements were authorised for issue on 24 March 2006.

2 SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies have been used consistently in dealing with items which are considered material in relation to the financial statements.

(a) Basis of preparation

The financial statements of the Branch have been prepared under the historical cost convention and comply with the Malaysian Accounting Standard Board ("MASB") approved accounting standards in Malaysia, the provisions of the Companies Act, 1965, the Insurance Act, 1996 and relevant Guidelines and Circulars issued by Bank Negara Malaysia ("BNM") in all material aspects.

The preparation of financial statements in conformity with the provisions of the Companies Act, 1965 and MASB approved accounting standards in Malaysia requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported financial year. Although these estimates are based on the Management's best knowledge of current events and actions, actual results may differ from estimates.

NOTES TO THE FINANCIAL STATEMENTS

- 31 DECEMBER 2005 (CONTINUED)

(b) Property, plant and equipment

Property, plant and equipment are stated at cost or valuation less accumulated depreciation and accumulated impairment losses.

Depreciation of property, plant and equipment is provided on a straight line basis calculated to write off the cost of each asset over the estimated useful lives of the assets concerned. The annual rates used are:

| | |
|-------------------------|-----------|
| Furniture and equipment | 10% - 20% |
| Computer equipment | 10% - 20% |
| Motor vehicles | 20% |
| Renovation | 5% - 20% |

At each financial year end, the Branch assesses whether there is any indication of impairment. If such indications exist, an analysis is performed to assess whether the carrying amount of the asset is fully recoverable. A write down is made if the carrying amount exceeds the recoverable amount. See accounting policy Note 2(g) on impairment of assets.

Gains and losses on disposals are determined by comparing proceeds with carrying amounts and are credited or charged to the revenue account and/or income statement.

Repairs and maintenance are charged to the revenue account and/or income statement during the financial year in which they are incurred. The cost of major renovations is included in the carrying amount of the asset when it is probable that future economic benefits in excess of the originally assessed standard of performance of the existing asset will flow to the Branch. Major renovations are depreciated over the remaining useful life of the related assets.

(c) Foreign currencies

Foreign currency transactions in the Branch are accounted for at the exchange rates prevailing at the transaction dates. Foreign currency monetary assets and liabilities are translated at the exchange rates prevailing at the date of the statement of assets and liabilities. Exchange differences arising from the settlement of foreign currency transactions and from the translation of foreign currency monetary assets and liabilities are included in the income statement and/or revenue account.

The principal closing rates used in the translation of foreign currency amounts as at the financial year end are as follows:

| Foreign currency | 2005 | 2004 |
|----------------------|-------|-------|
| United States Dollar | 3.779 | 3.800 |
| Singapore Dollar | 2.270 | 2.246 |
| Hong Kong Dollar | 0.487 | 0.494 |

NOTES TO THE FINANCIAL STATEMENTS

- 31 DECEMBER 2005 (CONTINUED)

(d) Investments

Malaysian Government Securities, Cagamas papers and other unquoted approved debt securities as specified by BNM which are intended to be held to maturity, are stated at cost, adjusted for the amortisation of premiums or accretion of discounts, calculated on a constant yield basis, from the date of purchase to maturity date. The amortisation of premiums and accretion of discounts are recognised in the revenue account and /or income statement.

Quoted investments are stated at the lower of cost and market value determined on an aggregate portfolio basis by each category of investments, except that where diminution in value of a particular investment is not regarded as temporary, specific allowance is made against the value of that investment. Market value is determined by reference to the stock exchange closing price at the date of the statement of assets and liabilities.

Unquoted investments are stated at cost and an allowance for diminution in value is made where, in the opinion of the Management, there is a decline other than temporary in the value of such investments. Where there has been a decline other than temporary in the value of an investment, such a decline is recognised as an expense in the financial year in which the decline is identified.

(e) Employee benefits

(i) Short-term employees benefits

Wages, salaries, paid annual leave and sick leave, bonuses and non-monetary benefits are accrued in the financial year in which the associated services are rendered by employees of the Branch.

(ii) Post-employment benefits

The Branch's contributions to the Employees' Provident Fund, the national defined contribution plan, are charged to the income statement and/or revenue account in the financial year to which they relate. Once the contributions have been paid, the Branch has no further payment obligations.

(f) Trade receivables

Trade receivables are carried at invoiced amount less an allowance made for doubtful debts.

Known bad debts are written off and specific allowance is made for any debt considered to be doubtful of collection. In addition, allowance is made for any premiums, including agents' balances or reinsurance balances, which remain outstanding for more than 6 months from the date on which they become receivable, except for outstanding motor premiums for which allowance is made for amounts outstanding for more than 30 days.

NOTES TO THE FINANCIAL STATEMENTS

- 31 DECEMBER 2005 (CONTINUED)

(g) Impairment of assets

The carrying values of assets are reviewed for impairment when there is an indication that the assets might be impaired. Impairment is measured by comparing the carrying values of the assets with their recoverable amounts. The recoverable amount is the higher of the net realisable value and the value in use, which is measured by reference to discounted cash flows. Recoverable amounts are estimated for individual assets, or, if it is not possible, for the cash-generating unit.

An impairment loss is charged to the revenue account and/or income statement immediately.

A subsequent increase in the recoverable amount of an asset is treated as reversal of the previous impairment loss and is recognised to the extent of the carrying amount of the asset that would have been determined (net of amortisation and depreciation) had no impairment loss been recognised. The reversal is recognised in the revenue account and/or income statement immediately.

(h) Operating leases

Leases of assets where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the income statement and revenue account on a straight line basis over the lease period.

When an operating lease is terminated before the lease period has expired, any payment required to be made to the lessor by way of penalty is recognised as an expense in the financial year in which termination takes place.

(i) General insurance underwriting results

The general insurance underwriting results are determined for each class of business after taking into account reinsurances, commissions, unearned premiums and claims incurred.

Premium income

Premium income is recognised in a financial year in respect of risks assumed during that particular financial year. Premiums from direct business are recognised during the financial year upon the issuance of premium debit notes. Premiums in respect of risks inception for which debit notes have not been issued as of the date of the statement of assets and liabilities are accrued at the date.

Inward treaty reinsurance premiums are recognised on the basis of periodic advices received from ceding insurers.

Outward reinsurance premiums are recognised in the same accounting period as the original policy to which the reinsurance relates.

NOTES TO THE FINANCIAL STATEMENTS

- 31 DECEMBER 2005 (CONTINUED)

Unearned premium reserves

Unearned premium reserves (“UPR”) represent the portion of the net premiums of insurance policies written that relate to the unexpired periods of the policies at the end of the financial year.

In determining the UPR, the method that most accurately reflects the actual unearned premium is used. UPR is computed with reference to the month of accounting for the premium on the following bases:

- (i) 25% method for marine cargo, aviation cargo and transit business;
- (ii) 1/24th method for all other classes of general business in respect of Malaysian policies, reduced by the percentage of accounted gross direct business commission to the corresponding premium, not exceeding limits specified by BNM; and
- (iii) time apportionment method for non-annual policies, reduced by the percentage of accounted gross direct business commissions to the corresponding premiums, not exceeding limits specified by BNM.

In previous financial years, the UPR in respect of Medical & Health and Personal Accident policies with duration of less than 12 months were computed using the 1/24th method.

In the current financial year, the UPR computation basis of these policies was changed to the time apportionment method.

The change in estimate has resulted in an increase in the Branch's net profit for the financial year of RM11,063,534.

Provision for claims

A liability for outstanding claims is recognised in respect of both direct insurance and inward reinsurance. The amount of outstanding claims is the best estimate of the expenditure required together with related expenses less recoveries to settle the present obligation at the date of the statement of assets and liabilities.

Provision is also made for the cost of claims, together with related expenses, incurred but not reported (“IBNR”) at the date of the statement of assets and liabilities, based on an actuarial valuation carried out by an independent professional actuary, using a proper and consistent method of estimation based on properly collated claims statistics.

Acquisition costs

The cost of acquiring and renewing insurance policies net of income derived from ceding reinsurance premiums is recognised as incurred and properly allocated to the financial periods in which it is probable they give rise to income.

NOTES TO THE FINANCIAL STATEMENTS

- 31 DECEMBER 2005 (CONTINUED)

(j) Other revenue recognition

Interest income on loans is recognised on an accrual basis except where a loan is considered non-performing, i.e. where repayments are in arrears for more than six months, in which case recognition of such interest is suspended. Subsequent to suspension, interest is recognised on the receipt basis until all arrears have been paid.

Other interest income, including the amount of amortisation of premiums and accretion of discounts, is recognised on a time proportion basis that takes into account the effective yield of the asset.

Dividend income is recognised when the right to receive payment is established.

Gains or losses arising on disposal of investments are credited or charged to the revenue account and/or income statement.

(k) Income taxes

Current tax expense is determined according to the tax laws of the jurisdiction in which the Branch operates and includes all taxes based upon the taxable profits.

Deferred tax is recognised in full, using the liability method, on temporary differences arising between the amounts attributed to assets and liabilities for tax purpose and their carrying amounts in the financial statements.

Deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences or unused tax losses can be utilised.

Tax rates enacted or substantively enacted by the statement of assets and liabilities date are used to determine deferred tax.

(l) Contingent liabilities and contingent assets

The Branch does not recognise a contingent liability but discloses its existence in the financial statements. A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by uncertain future events beyond the control of the Branch or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in the extremely rare case where there is a liability that cannot be recognised because it cannot be measured reliably.

A contingent asset is a possible asset that arises from past events whose existence will be confirmed by uncertain future events beyond the control of the Branch. The Branch does not recognise contingent assets but discloses its existence where inflows of economic benefits are probable, but not virtually certain.

(m) Provisions

Provisions are recognised when the Branch has a present legal or constructive obligation as a result of past events, when it is probable that an outflow of resources will be required to settle the obligation, and when a reliable estimate of the amount can be made.

NOTES TO THE FINANCIAL STATEMENTS

- 31 DECEMBER 2005 (CONTINUED)

(n) Cash and cash equivalents

Cash and cash equivalents consist of cash and bank balances excluding fixed and call deposits, that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(o) Financial instruments

Description

A financial instrument is any contract that gives rise to both a financial asset of one enterprise and a financial liability or equity instrument of another enterprise.

A financial asset is any asset that is cash, a contractual right to receive cash or another financial asset from another enterprise, a contractual right to exchange financial instruments with another enterprise under conditions that are potentially favourable, or an equity instrument of another enterprise.

A financial liability is any liability that is a contractual obligation to deliver cash or another financial asset to another enterprise, or to exchange financial instruments with another enterprise under conditions that are potentially unfavourable.

Recognition method

The particular recognition method adopted for financial instruments recognised on the statement of assets and liabilities date is disclosed in the individual accounting policy note associated with each item.

Fair values

The Branch's basis of estimation of fair values for financial instruments is as follows:

| Component | Method of determining fair values |
|---------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| • Malaysian Government Securities and Cagamas papers | • Indicative market prices |
| • Unquoted corporate debt securities | • Indicative market prices from a financial institution |
| • Quoted securities | • Quoted market prices |
| • Loans receivable | • Discounted future cash flows based on the contracted maturity period. Discount rates are based on current market interest rates |
| • Other financial assets and liabilities with a maturity period of less than one year | • Carrying values assumed to approximate their fair values |

19 RELATED PARTY DISCLOSURES

The Corporation is a subsidiary of American International Group, Inc., a corporation incorporated in the United States of America. In the normal course of business, the Corporation's operations in Malaysia undertake at agreed terms and prices, various transactions with the holding corporation and other related corporations deemed related parties by virtue of them being members of American International Group, Inc. group of companies ("AIG Group").

(a) Details of significant transactions arising from normal business transactions during the financial year between the Corporation's operations in Malaysia and AIG Group are as follows:

| | 2005 RM | 2004 RM |
|-----------------------------------------------------------------|----------------|----------------|
| Premiums received | 546,658 | 508,717 |
| Inward reinsurance premiums received | 975,825 | 753,472 |
| Reinsurance premiums ceded | (109,778,040) | (113,904,664) |
| Claims paid | (102,563) | (138,000) |
| Reinsurance claims recoveries | 28,066,061 | 23,858,874 |
| Commissions paid | - | (46,222) |
| Commissions earned | 23,318,969 | 22,764,936 |
| Rental and utilities paid to a related corporation | (4,511,025) | (4,126,380) |
| System related costs paid to related corporations | (3,379,742) | (2,532,847) |
| Personnel and related costs received from a related corporation | 313,970 | 225,968 |
| Claims handling fee received from related corporations | <u>221,303</u> | <u>230,510</u> |

(b) The related party balances as at the date of the statement of assets and liabilities are included in the following notes to the financial statements:

| | 2005 RM | 2004 RM |
|--------------------------------------|------------------|-------------------|
| Receivables (Note 6) | | |

20 FINANCIAL INSTRUMENTS

Financial risk management objectives and policies

Investment risk

Generally, insurance regulations restrict the types of assets in which an insurance company may invest. Investment risk represents the exposure to loss resulting from the cash flows from the invested assets, primarily long-term fixed rate investments, being less than the cash flows required to meet the obligations of the expected policy and contract liabilities and the necessary returns on investments.

The Branch makes moderate to long-term investments primarily in Malaysian Government Securities and investment graded corporate bonds to support the general insurance policy liabilities.

To minimise its exposure to investment risk, the Branch adopts fundamental research and active management to seek a balanced portfolio to meet the investment objectives for income, security of principal and diversification in terms of size, issuers and types of industry.

Equity price risk

The Branch currently maintains low exposure to listed equity securities at less than 10% of its total portfolio to limit its equity price risk.

Interest rate risk

The Branch's investment activities are inherently exposed to interest rate risk which arises principally from differences in maturity or re-pricing of invested assets. In dealing with this risk, the Branch adopts an approach of focusing on achieving a desired overall interest rate profile, which may change over time, based on management's longer term view of interest rates and economic conditions.

Liquidity risk

Liquidity risk is the risk that the Branch cannot meet its financial liabilities when due. Liquidity risk is managed both at corporate level and local level. The Branch's liquidity is primarily derived from the operating cash flows which are derived from two sources i.e. underwriting operations and investment operations.

AIG's strong capital position is integral to managing this liquidity, as it enables AIG to raise funds in diverse markets worldwide. Management believes that AIG's liquid assets, its net cash provided by operations and access to the capital markets will enable it to meet any foreseeable cash requirements.

NOTES TO THE FINANCIAL STATEMENTS

– 31 DECEMBER 2005 (CONTINUED)

20 FINANCIAL INSTRUMENTS (*Continued*)

Business and operational risk

Operational risks include legal, tax, political, regulatory, market conduct and business continuity risks.

These risks arise from the uncertainty of the enforceability through legal or judicial processes, of the obligations of the Branch's clients and counterparts. Internal Audit, supported by Legal and Compliance departments, review the effectiveness of internal controls on a regular basis.

Underwriting and credit risk

The Branch as part of AIG is a major purchaser of reinsurance. AIG is cognisant of the need to exercise good judgement in the selection and approval of companies participating in its reinsurance programs.

AIG's Reinsurance Security department, consisting of members of AIG's senior management, conducts ongoing detailed assessments of the reinsurance markets and current and potential reinsurers. Such assessments include, but are not limited to, identifying if a reinsurer is appropriately licensed, and has sufficient financial capacity, and the local economic environment. This department also reviews the nature of the risks ceded and the need for collateral. In addition, AIG's Credit Risk Committee reviews the credit limits and concentrations with any one reinsurer. No single reinsurer is a material reinsurer on AIG nor is AIG's business substantially dependent upon any reinsurance contract.

In the ordinary course of business, the Branch cedes reinsurance to other insurance companies in order to provide greater diversification of its business and limit the potential losses arising from large risks.

The Branch's reinsurance arrangements do not relieve it from its direct obligations to its insureds. Thus, a credit exposure exists with respect to general reinsurance ceded to the extent that any reinsurer is unable to meet the obligations assumed under the reinsurance agreements. The Branch manages its credit risk in its reinsurance relationships by transacting with reinsurers that it considers financially sound.
